## MARCH 2025

### **The Moment We've All Been Waiting For!**

We are thrilled to announce that the EcopreNEETs project is coming to its conclusion with some exceptional results.

After 2 years of dedication, research, and collaboration, we have reached an incredible milestone. Thanks to the hard work of our team and the unwavering support from our community we have achieved our goals and generated high impact in the NEET communities that have participated in our activities.

## ABOUT THE PROJECT

The project focused on young NEETs who have long been disconnected from the labor market and promoted an inclusive approach to foster NEETs' environmental entrepreneurship through experiential learning.

## Project Results that served our initial goal

### EcopreNEETs White paper

The White Paper is a Recommendations pack for an Ecopreneurial Competence Framework. This document was created after thorough research in the partnership countries. (France, Netherlands, Poland, Greece and Hungary).

## Training MOOC for Eco-Skills

An e-learning platform with interactive content and gamified elements to support the education of Young NEETs to develop skills for eco-entrepreneurship.

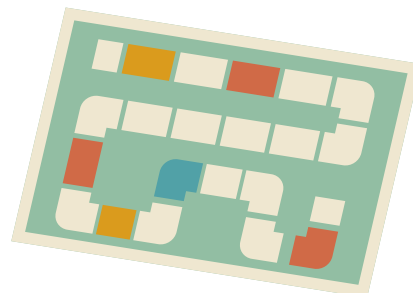

The course is available in 6 languages.

(English, French, Dutch, Polish, Greek and Hungarian).

## Train the trainers

To ensure a more sustainable & eco-preneurial education for NEETs it was important to re-training their trainers.

Thus we proceeded with:

- a diagnosis in the partner countries of the current practices
- a methodology for training the trainers

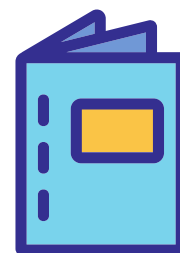

### Diagnosis Document

### Train the Trainer Methodology

## Booklet of Needs

A comprehensive overview of the findings and feedback from participants across three countries—France, Greece, and Hungary—who took part in the "Train the Trainer" seminars and MOOCs (Massive Open Online Courses) focused on eco-entrepreneurship for NEETs.

## EcopreNEETs Incubation

A solid Framework to support young NEETs starting their own eco business.

The framework was implemented through incubation trainings in the partner countries. The results are documented in the composite report.
