Boosting the Eco-preneurial Skills of NEETs

Project Number:
2022-2-FR02-KA220-YOU-000098683

A European funded project dedicated to engage young NEETs to the labour market, enhance their environmental responsibility and increase their eco-preneurial skills.

TARGET GROUP

- NEETs (18-30 years old) including those from rural areas that have limited or no access to Education and Training opportunities and are (or at risk of being) disengaged from the labour market for a long period of time.
- Youth/social workers and trainers.
- HR departments, business consulting organisations, eco - businesses, businesses willing to embrace eco-practices, youth policy makers, digital agencies.

THE IDEA

- ✓ Re-engage young NEETs to re-enter the labour market
- ✓ Increase the eco-preneurial skills of young rural NEETs
- ✓ Establish their personal & pSet up a community of peers for young NEETs
- ✓ Professional growth through a skills retention service
- ✓ Bridge the communication gap between young job hunters & future employers

Boosting the Eco-preneurial Skills of NEETs

Project Number:
2022-2-FR02-KA220-YOU-000098683

THE NEED

Despite various EU policies to tackle youth unemployment, almost 13 million young Europeans are considered NEETs. Moreover, the lack of ecological skills among young people is a pressing concern in today's society. Although there is a growing awareness of environmental issues, many young Europeans still do not fully understand sustainability and the skills needed to effectively address these challenges.
