

3RD INFOGRAPHIC

Work Package 2 EcopreNEETs training materials and interactive glossary were finalized waiting for the peer review.

We also we started to work on Work Package 3; Train the Trainer. The first task for all partners was to report on existing methodology.

More about the first steps of WP3

It aims to re-train a number of trainers/youth workers in order to ensure a more sustainable & ecopreneurial education for NEETs.

In order to map out the existing methodologies, used for training the NEETs, the partners need to verify the results of the research conducted at pre-application level

The partners had to involve at least 10 participants from the target groups to receive valuable feedback through surveys and questionnaires

The results will be used to formulate a report, which will highlight the benefits and short-comings of the existing methodologies
