

The white papers have been completed and translated as well as the creation of the ecopreneurial framework.

This white paper aims to focus and describe a specific context, in different main fields:

1.

Characteristics of NEETs in Europe and each partner country (age, gender, training and education, rate unemployment, specificities about rural youth),

2.

Policy, support and programme for young people (regarding training and employment) in Europe and each partner country,.

3.

Policy, support and programme for entrepreneurship (including social, inclusive entrepreneurship) in Europe and each partner country,

4.

The implementation of green/eco business, data, networks in Europe and each partner country,

5.

Trainings and MOOCs about eco-entrepreneurship.
