BOOSTING THE ECO- PRENEURIAL SKILLS OF NEETS

2022-2-FR02-KA220-YOU-
000098683

A photograph of a modern office interior with a high ceiling, exposed wooden beams, and large windows. The space is filled with various green plants, including hanging ones and large potted ones. In the foreground, there is a long wooden desk with several black office chairs. In the background, there are more desks, chairs, and a sofa. The image is overlaid with a semi-transparent green filter and dark green geometric shapes on the left and right sides. The text is centered in the middle of the image.

A European funded project
dedicated to engage young NEETs
to the labour market, enhance their
environmental responsibility and
increase their eco-preneurial skills

Co-funded by
the European Union

The project underscores the significance of instilling sustainability and environmental consciousness in entrepreneurial education, particularly when targeting young individuals. The project focused on empowering young NEETs who have faced prolonged disconnection from and promotes an inclusive approach to foster NEETs' environmental entrepreneurship through experiential learning.

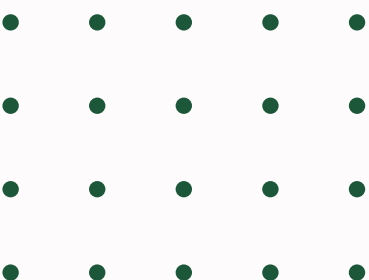

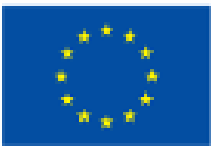

The need

Despite various EU policies addressed to youth unemployment, nearly 13 million young Europeans are being reckoned as NEETs.

Furthermore the lack of eco-skills among youth is a pressing concern in today's society. Despite growing awareness about environmental issues, many young Europeans still lack a comprehensive understanding of sustainability and the skills needed to address these challenges effectively.

Objectives

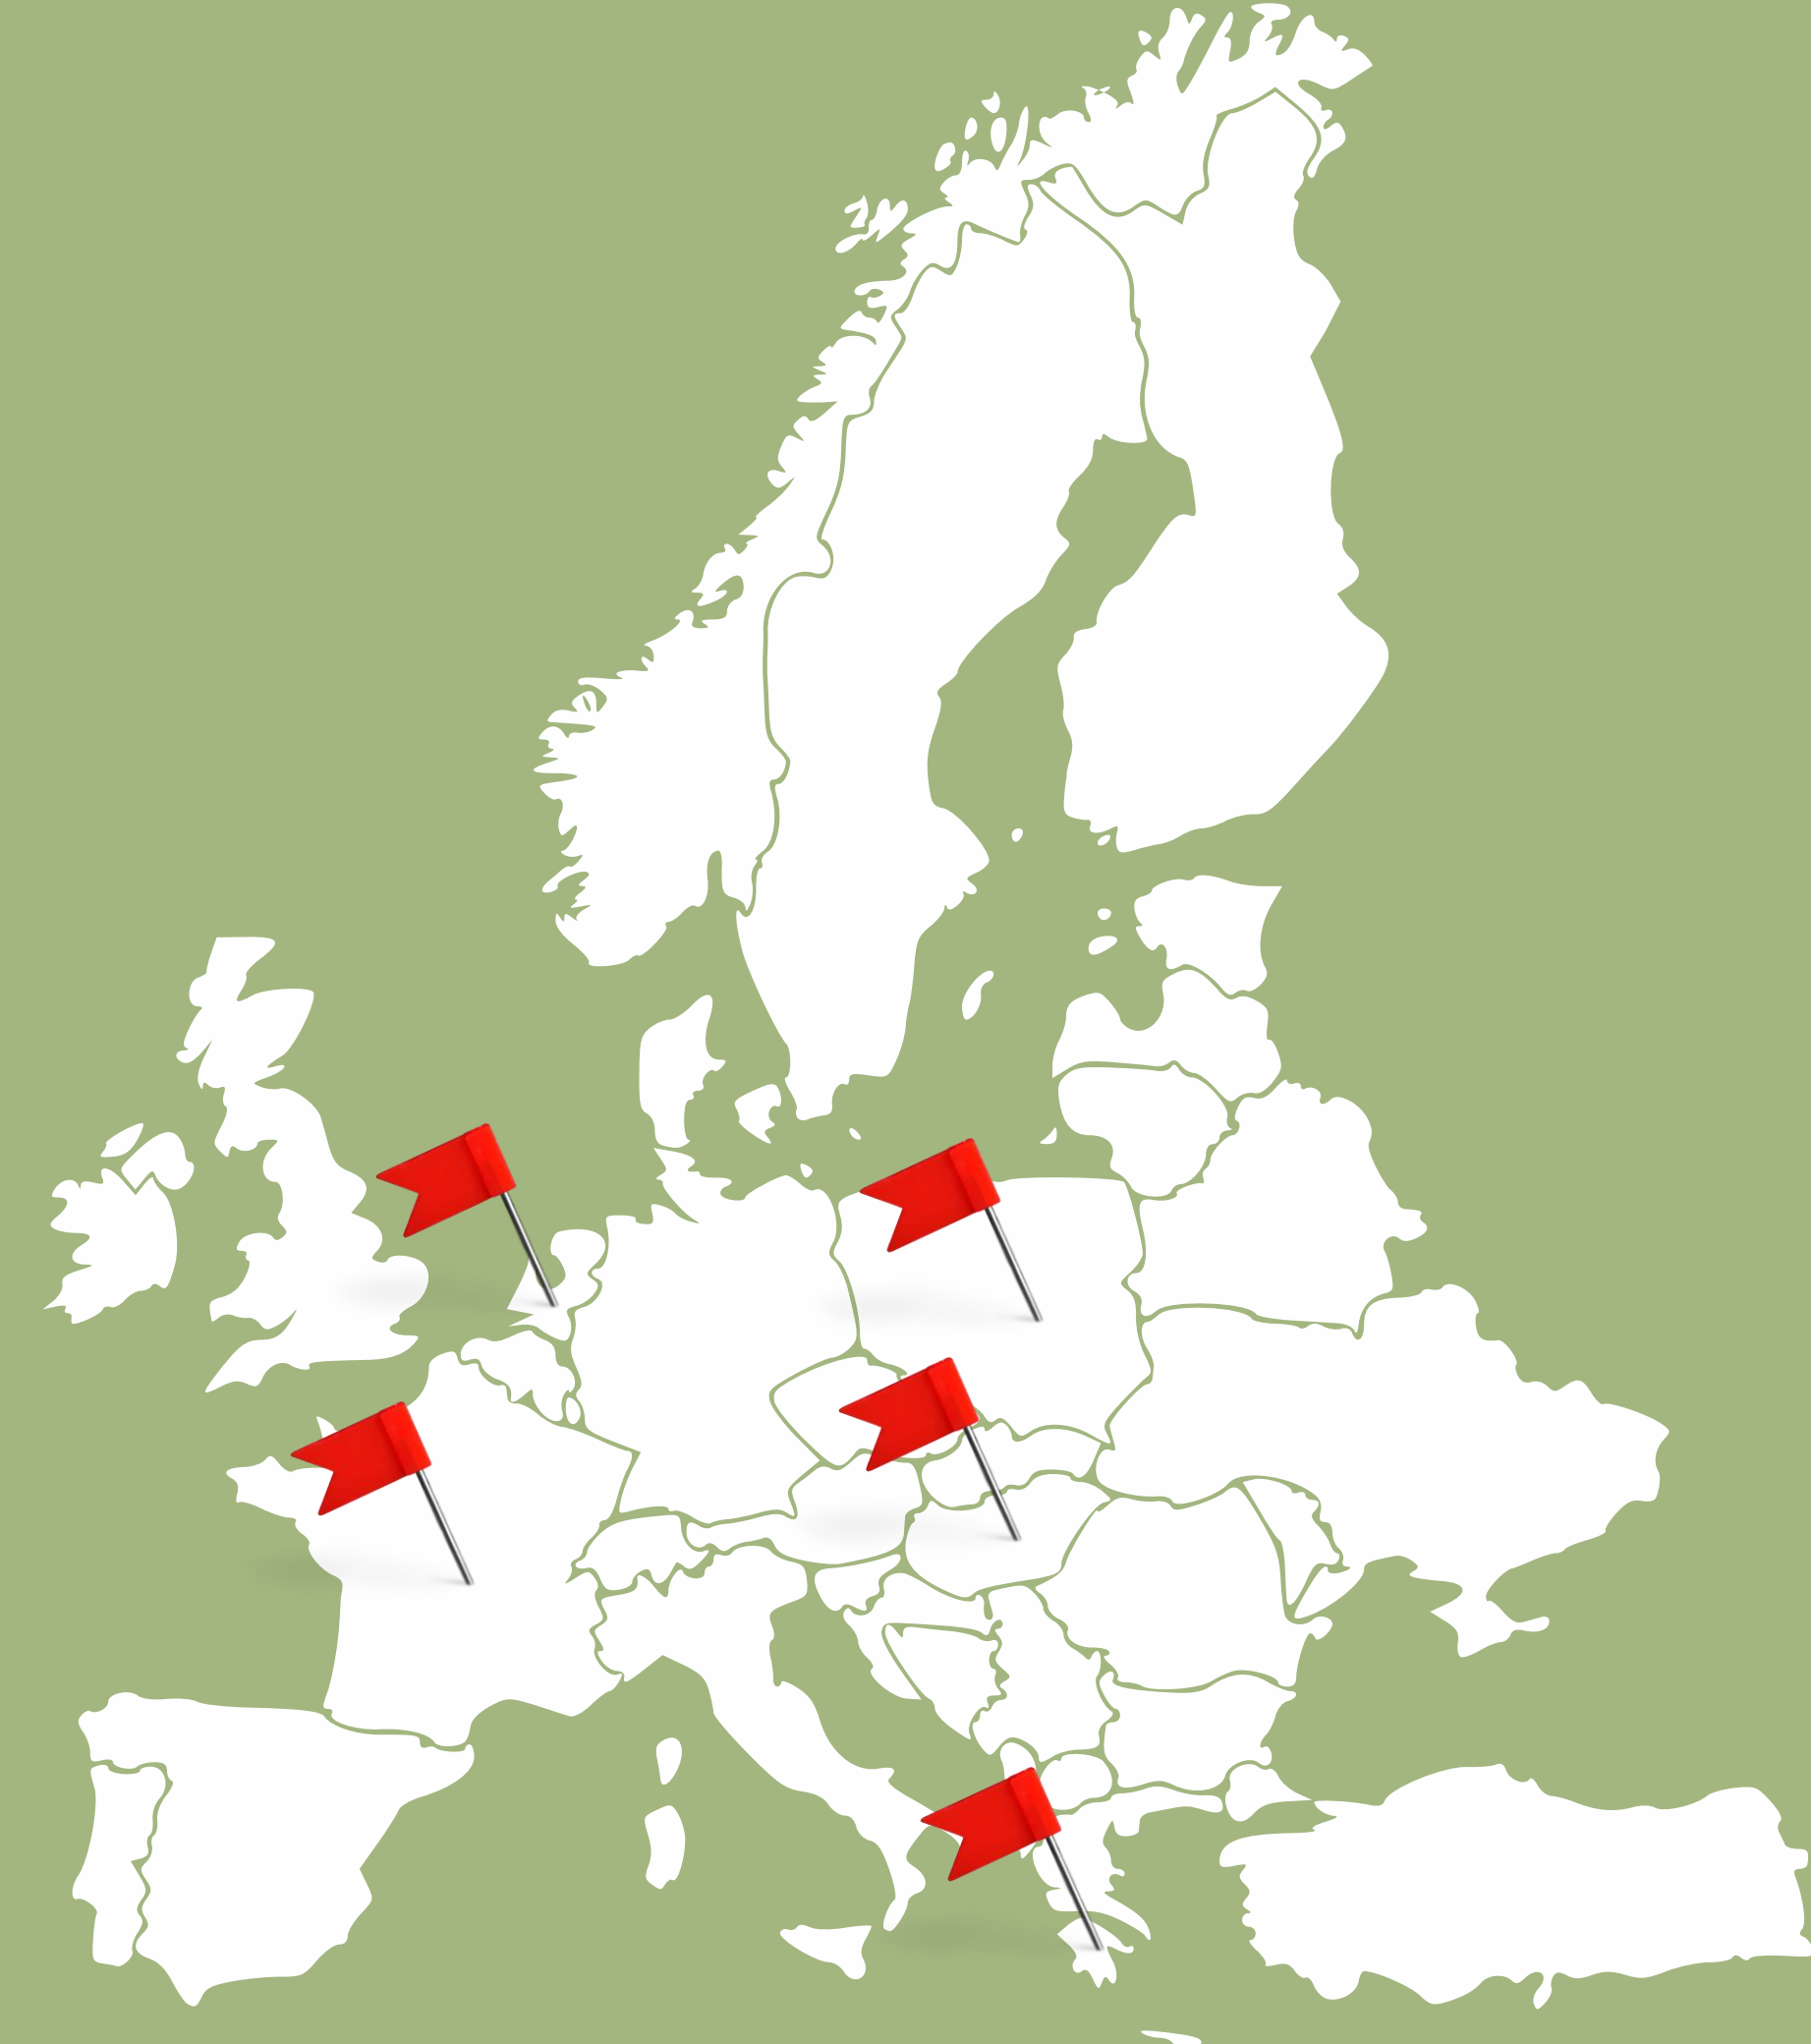

Re-engage
young NEETs to
re-enter the
labour market

Increase the
eco-preneurial
skills of young
rural NEETs

Establish their
personal &
professional growth
through a skills
retention service

Set up a community
of peers for young
NEETs

Bridge the
communication gap
between young job
hunters & future
employers

- NEETs (18-30 years old) including those from rural areas that have limited or no access to Education and Training opportunities and are (or at risk of being) disengaged from the labour market for a long period of time.
- Youth/social workers and trainers
- HR departments, business consulting organisations, eco - businesses, businesses willing to embrace eco-practices, youth policy makers, digital agencies.
